

Free your funds with immediate settlement

Why wait? Get your money in hours and feel the freedom.

Swift, smooth cash flow is key for business success. With our immediate settlement solution you'll get your money the way you want it – super-fast and trouble-free. Freedom for your funds.

Free-up your finances

No need to wait days for your payments to clear and your money to be in your bank account.

You're in control

Receive your money in hours with scheduled or on-demand settlements¹, just how you like it.

Real time reporting

Know where you stand and get peace of mind, with real-time sales reporting and insights.

Power back to you

Cash flow matters. Businesses don't want to take days to receive their customers money. Factor in weekends and holidays and it can take even longer. Imagine the impact on your business if card payments showed in your bank within hours¹, leaving you free to reinvest your money, your way.

69%

of medium sized businesses say that faster settlement will improve their business processes.²

We make things better

While other payment services tie up your card takings for days on end, with Compaynet you control when you get your money - seems fair to us.
